

Upload & Share Private Videos on YouTube

With people willing to share all details of their personal lives online, the distinction between public and private videos is fast blurring. As, mentioned above, YouTube also provides the option to upload private videos and share them only with known people.

Note- You must use a Gmail account to sign up for YouTube accounts. Make sure your account has your Full, Legal name to help tie to your application. In your video's description, include your name and high school.

1. Upload Private Video on YouTube

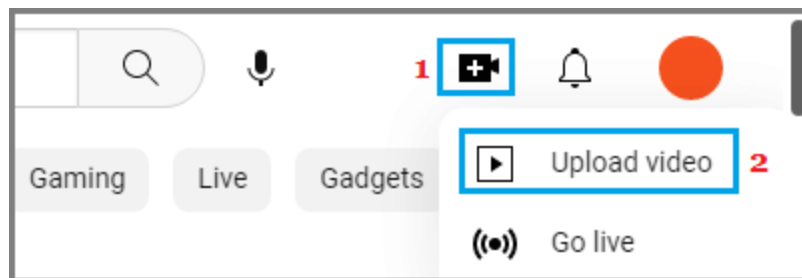

Follow the steps below to upload a private video to YouTube from a laptop or desktop computer.

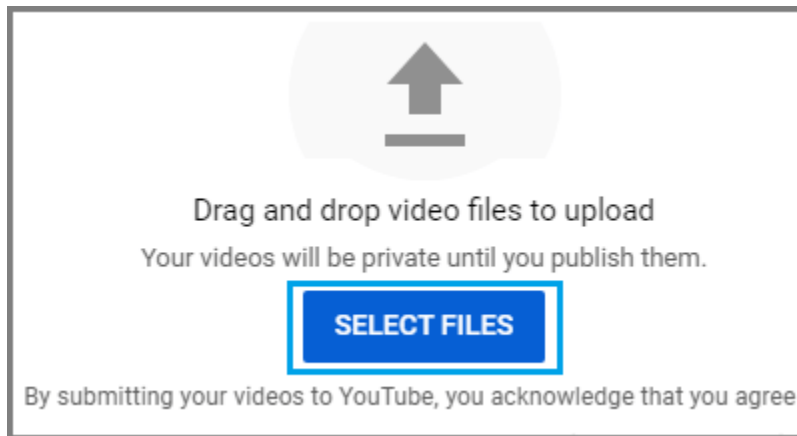

top-right corner of the

2. Sign-in to YouTube by entering your Gmail Address and Password.

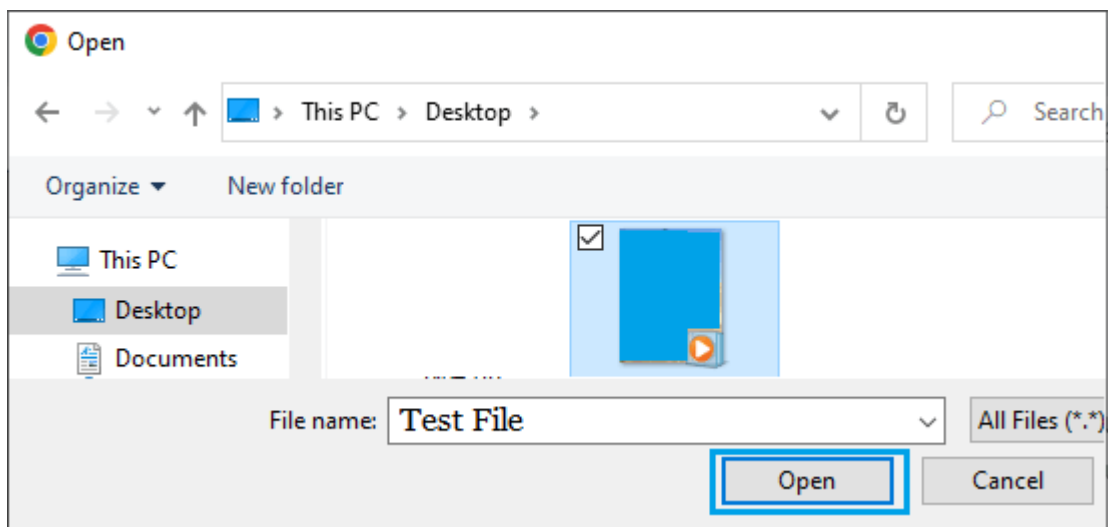

3. Once you are Signed-in, click on the Create Icon located at top-right corner of the screen and select Upload Video option.

4. On the next screen, you can click on Select Files button or simply Drag and drop the Video File from the Desktop.

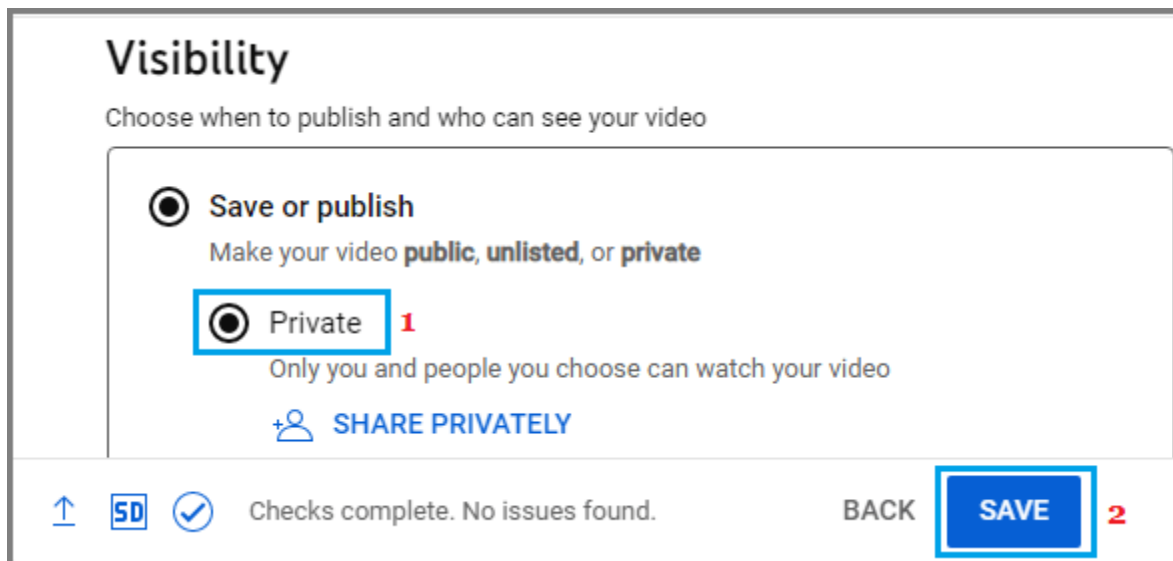

5. On the next screen, select the Video File that you want to upload to YouTube.

6. On the next screen, scroll down and select whether the video is made for Kids or not and click on the Next button.

7. When you reach the Visibility screen, select the Private option and click on Next.

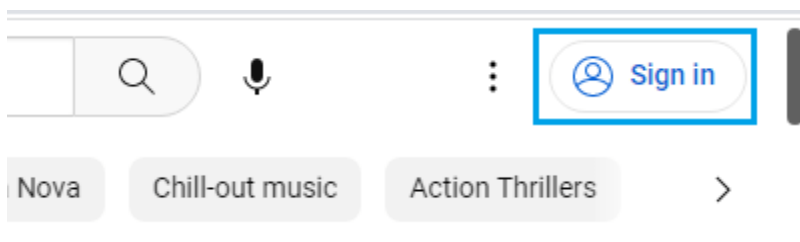

Note: On this screen, you can click on Share Privately option and Share the Video by Email.

8. Once the Video is uploaded you can make changes to the Video by selecting the available editing options and click on Done to confirm the changes.

2. How to Share Private Video On YouTube

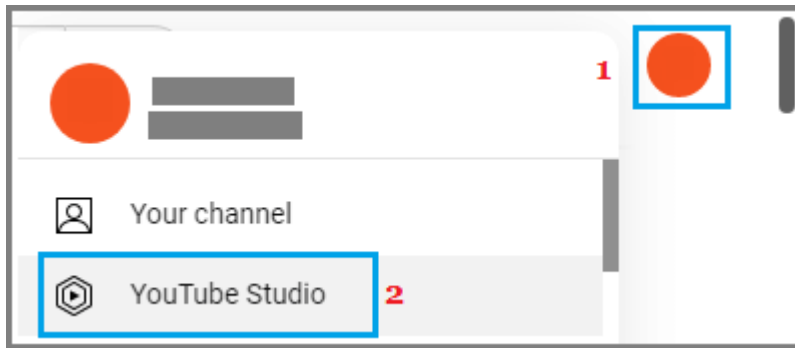

After uploading the video, you can follow the steps below to Share the Private Video with any of your friends and relatives.

1. Open YouTube and click on the Sign-in option located at top-right corner of the screen.

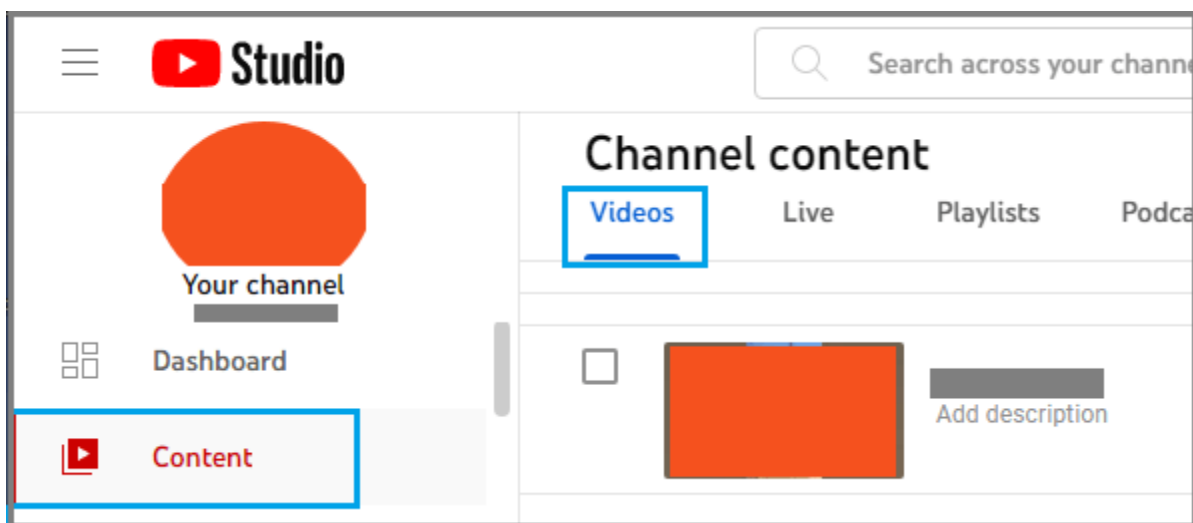

2. Sign-in to YouTube by entering your Gmail Address and Password.

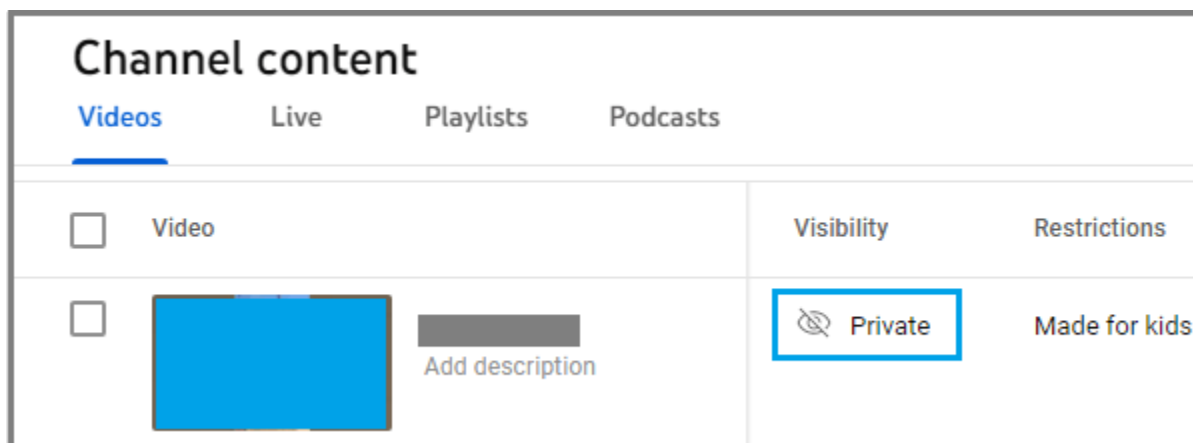

3. Once you are Signed-in, click your Profile Icon located at top-right corner of the screen and select YouTube Studio option.

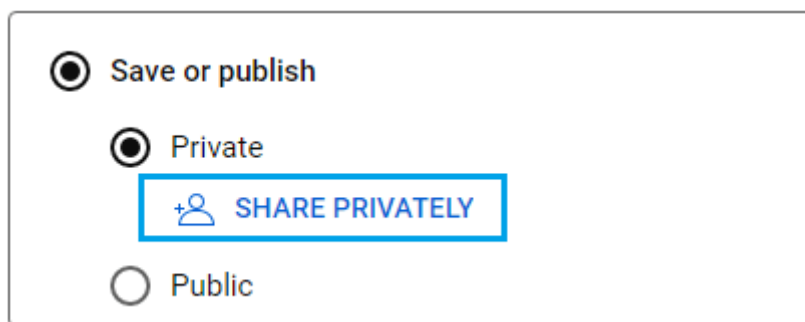

4. On YouTube Studio screen, click on the Content Tab in the left-tab and you will see all the uploaded videos as available in your YouTube Account.

5. Locate the Video that you want to Share and click on the Visibility (Private) option next to the Video.

6. On the pop-up menu, click on Share Privately option.

A screenshot of a YouTube sharing options dialog. It features three radio buttons: 'Save or publish' (selected), 'Private', and 'Public'. Below the 'Private' option is a button with a person icon and the text 'SHARE PRIVATELY', which is highlighted with a blue rectangular border.
